Type	Reichel Pugh Shockwave 36
Length	13m overall (11m Hull length)
Beam	3.28m
Draft	2.79m
Location	Melbourne
Price	\$95000

Smooth Criminal is speed and excitement personified, and routinely beats much larger yachts over the line and on handicap. The current owners have invested heavily in the boat during their ownership to keep her at the front of the fleet. The boat has a transport cradle with the keel retracting for shipping. The most recent upgrade occurred in DEC 2017 when ECthree rigging was added along with tension rams. The sail wardrobe is extensive and in good condition. SC provides high performance racing in a very manageable package. The boats AMS rating is 1.037 and was anti fouled and polished in January 2020.

Wild Thing, Limit, Chutzpah and S.M.B 1-5 are just some of the pure race boats built by Hart Marine in Mornington ,VIC. Smooth Criminal is part of this proud tradition and like a lot of Hart boats came off the drawing board of the legendary Reichel Pugh design company.

A very special boat and with the price substantially reduced as the owners have committed to a new yacht.
